Summary

I am currently employed as a post-doc at the Center for Developmental Social Neuroscience, IDC, Herzliya. I specialized in conducting and analyzing experimental behavioral studies. As such, I acquired statistical and programming (R, Python, MATLAB) skills, led and acted as a consultant for numerous studies, taught statistics and research methods, and published articles in scientific peer-reviewed journals. With this broad and diverse experience, I am looking for an exciting job where I can further improve and share my skills and knowledge.
